What Is Going On Tonight.  
Obvretchek Lodge, No. 14, I. O. O. F., meets at 897 Myln street.

Williamette Lodge, No. 1211, R. F. O. H. K. has set the date for the annual country fair which is to be held in Elks' park in September. The committee in charge of the fair this year is planning to make it the biggest and best in the history of the lodge. The Elks have realized that the fair is becoming a big thing in this city and have greatly improved the park and entrance. Last year a vast amount of work was done to improve the site and incidentally to make Pleasant street a better appearing street. To straighten Pleasant street a section of the Elks' property measuring three feet at its greatest depth was donated to the city of Willimantic and upon removal of the angle at that section of the street danger of accidents was greatly reduced.

A rustic cobblestone wall, with random ashlar piers at intervals, surmounted with electric lights, was built along the Pleasant street side of the park. A new dancing pavilion and exhibition hall has been constructed. A semi-circular roadway 16 feet wide at the entrance and circling the lot in oval shape where the roadway is reduced to 12 feet in width and intersecting with the main roadway at a point near the entrance has been constructed. A permanent overhead lighting system was installed and the entire lot was graded and seeded down, all brush and refuse being cleared away to make the park one of beauty.

New sheds have been built for use of animal displays and fences added to the attraction of the exhibit section of the park. The grounds are to be entirely closed this year and everything possible is to be done to insure exhibitors display the best of care.

A new cement sidewalk six feet in width is to be laid in front of the park on the Pleasant street side, and new booths are to be built.

The park today would never be recognized as the park that came into the possession of the Elks two years ago this month. The lodge has spent a large amount of money on the property and has converted it into a park that is an ornament to the city. In accomplishing this task the Elks state that co-operation of merchants and citizens has aided greatly in making the Elks' park one of the young and old can enjoy themselves during years to come.

The committee in charge of this year's country fair consists of Joseph M. Bernard, chairman; Louis J. Flynn, secretary; Frank W. Congdon, treasurer; P. D. Donohue, Charles W. Hill, William A. Dawson, George Timmons, Clarence M. Mathieu, A. W. French, George Pelouin, George Bartlett, E. F. Wilmors, George Graves, Valentine L. Murphy, Nelson A. Daniels, Frank M. Lincoln and J. Z. Mathieu.

The litter situation locally is unchanged. The blue line cars are in operation, having been granted the right to operate by the public utilities commission. The Willimantic-Norwich littermen are operating and the police in both cities are adopting a hands-off policy until the situation throughout the state is cleared up. The Norwich line men are planning to send notice to the public utilities commission of a route that crosses the distance between the two cities without running parallel to the tracks of the Connecticut company. It is planned to go through Windham Center, a plan beneficial to the residents of that town. Francis H. Grady left the city Wednesday for Providence, R. I., to spend several weeks with relatives.

William Stabner Wednesday afternoon left for Passaic, N. J., after spending two weeks at the home of his parents, Mr. and Mrs. F. W. Stabner, of No. 233 Walnut street.

Mrs. Frederick Lariviere and daughter Amanda left Wednesday afternoon for Ste Anne de Beaupre, Canada.

Capt. Joseph Morrison of Company C, Connecticut National guard, announced Tuesday night following the drill of that company that it was now recruited to full strength but men who have been service can still enlist. Such members of the company are to be provided with a full set of equipment and must appear each year with the regular members, but would not be under any obligation to attend drills of the company. Plans are being made for a series of hikes, canoeing trips and different army maneuvers when newly issued equipment arrives.

Chauncey Macfarlane held his usual July auction of antiques Wednesday and buyers of old things attended from many sections of southern New England.

Turcotte was thrown from the wagon and was picked up unconscious by William Miller, chauffeur for Guilford Smith of that place, was lying badly crushed beneath the fence. Turcotte suffered fractured skull and internal injuries. He was rushed to the hospital by Mr. Miller but nothing could save his life. Mr. Turcotte was driving the most wagon for Samuel Adams of this city and had been feeding the horse. When he took the feed bag to place it beneath the seat of the wagon the horse took fright, right at something unknown to witnesses and dashed down the hill.

The horse broke loose from the wagon, after striking the fence, but was soon brought to a stop. The wagon had one wheel broken and the body was damaged. Mr. Turcotte was born May 30, 1887, the son of Cleophas and Philomena Plourd Turcotte of Milk street, this city, and was educated in local schools. He was well liked by all who knew him. ## Lady So Weak She Could Scarcely Walk

After Years of Suffering Quickly Regains Strength

Mrs. T. R. Crane, of St. Johnland, Kings Park, Long Island, N. Y., writes: "I suffered for years with non-assimilation of food, gas and bloating to a very distressing degree, nervousness, nervous chills, and irregular and weak head action. I was unable to walk from my home to a store or to my place of work. My limbs got so numb and weak that when I tried to walk even a few steps I felt I must drop down at once if I didn't want to fall down. A friend told me that what I needed was Willimantic, that it would be the best thing in the world for me. I took Willimantic and such it proved to be in my case. It helped me in every way and did it quickly. I soon gained new flesh and blood, strength and vim. I feel alive once more. I always keep Willimantic on hand for I found it a friend, tried and true."

Willimantic is a tonic, a restorative, a bloodmaker and a nerve-strengthening agent. It is a food for the system, and it is in one. It supplies to the system those mineral elements without which the body is absolutely unable to create necessary vital energy and nerve force. That is why Mrs. Crane improved so rapidly while taking Willimantic. The same result has followed the use of Willimantic in thousands of similar and equally pitiful cases. It has been recommended by more than 10,000 physicians who, from personal experience, have found Willimantic to possess extraordinary power in promoting health in those who are weak, nervous or run-down, or who are martyrs to indigestion or enfeebled by Old Age, or who are striving vainly to regain their strength after a wasting illness.

Willimantic is put up in two sizes—\$1.10 and \$1.95. It is sold by National Drug Stores, Main and Shattuck Sts., and all other first class drug stores.

Write for free instructive booklet, "Hundred Per-Cent Health. How To Obtain It," to Edward Lassarre, Inc., Dept. 400 West 23rd Street, New York, U. S. Agents for Willimantic.

NOTE: To every laundress in Norwich. Ask the woman of the house for a package of the wonderful new product for home washing. Remember the name—Rinso.

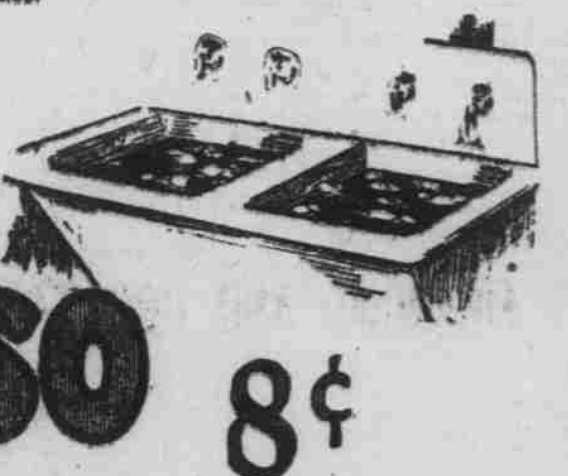

### Can you imagine a man wearing his life away at a washboard

Of course not. Men refuse to do work in a haphazard way when there is a quick, better way to do it.

More and more, women are following their lead. They are learning short cuts that give them time and energy to do the things they really want to do. Today hundreds of thousands of women are saving themselves the utter exhaustion of wash day by letting Rinso soak their clothes clean.

Rinso is a new soap product that loosens and dissolves dirt from even the heaviest and worst soiled pieces of the weekly wash without injuring a single fabric.

Get a package of Rinso today at your grocer's or department store. Lever Bros. Co., Cambridge, Mass.
